

# JOIN RESOURCE GLOBAL INDONESIA

**Teach, Mentor, Connect** — Our mission is to teach, mentor and connect emerging Christian marketplace leaders to transform their workplaces and cities for the Gospel.

**Our Indonesia 8-month cohort program is located in 2 cities: Jakarta and Medan and is focused on the following aspects:**

## Tight-Knit Global Community

More than just content and curriculum, we foster a global community of like-minded leaders that dive into tight-knit relationships with leaders across the world for eight months. These are the small communities that can impact our Global Cities.

## Gospel-Centered Teaching

All our content and world-class speakers prioritize on what it means for the Gospel to impact everything. Over the eight months of discussion and learning, we center our conversations around the Gospel and let that propel ideas and action steps for our cohort.

## Experienced Mentors

Our accomplished mentors connect with our cohort leaders to share stories, experiences, and scars that help edify both the mentor and mentee as they both pursue Gospel Transformation.

## Discipleship in Action

We are called to not be just 'hearers' but also 'doers'. All our cohort members will look to put tangible steps to take what they've learned and apply into their everyday lives and workplaces in their "Gospel Action Plan".

## Global Cohort Gathering

At the Global Cohort Gathering (GCG), we gather cohorts from all around the world to connect and learn together. We bring in speakers and leaders from the city to share on areas they are experienced and passionate about. More details will be given in the beginning of the program.

## TESTIMONY

**GRACE TJANDRA**  
**Indonesia Cohort 2021**  
Head of Strategy, GoJek

---

"**Resource Global** has allowed me to gather in a community of other believers who are living intentionally in life— not only in terms of work but really in just other areas of life that are "small". This really taught me that faithfulness isn't only in the "big things", but also in the really "small things" that people don't see."

**JESSICA TANOESOEDIBJO**  
**Indonesia Cohort 2020**  
Chairwoman, MNC Peduli Director of Digital Business Development and Marketing & Communications, MNC Kapital

---

"I started my **Resource Global** journey in 2020 when the pandemic hit. I was quite fortunate that I was able to go through that season of changes and uncertainties with a group of like-minded believers who knew that no matter how things were changing in our lives, our mission can not change because God doesn't change."
